

Licensing / Continuing Education

PROCEDURES FOR OBTAINING A LICENSE FROM THE ALABAMA ONSITE WASTEWATER BOARD IN ORDER TO BECOME LICENSED AS AN INSTALLER, PUMPER, OR MANUFACTURER A NEW PROCEDURE HAVE BEEN PUT IN PLACE:

Eligibility Requirements to Obtain a License from the Alabama Onsite Wastewater Board

The Alabama Onsite Wastewater Board made changes to its Administrative Code. Procedures were put in place for eligibility requirements for individuals applying for a license from the Alabama Onsite Wastewater Board.

The attached application should be completed in its entirety. If application meets eligibility requirements, you will receive notice to attend initial training and given a list of approved sponsors of education.

To be eligible to attend initial training and take the exam for the Basic Installer License, you must show 12 months of work experience for the basic installer; types of work experience accepted but not limited to: installing septic tanks, sewer lines, wastewater treatment operations, working with a basic installer. Other work experience will be taken into consideration.

Please note: if you currently hold a license with the AOWB as a pumper, portable toilet, manufacturer, for a minimum of 12 months, the work experience requirement will be waived.

To be eligible to attend initial training and take the exam for the Pumper License, the Portable Toilet License or the Manufacturer License, you must show 6 months of work experience as a Pumper, Portable Toilet Operator or a Manufacturer. Types of work experience: pumper technician, wastewater treatment facility operator, assisting in the servicing portable toilets, manufacturing, and/or setting septic tanks. Other work experience will be taken into consideration.

Please note: If you currently hold a basic installer license with the AOWB for a minimum of 6 months, the work experience requirement will be waived.
